

Rotating Equipment
and Services

Corporate Overview

NGLTech provides superior products and service solutions which make our upstream customers more efficient. More customers choose our pressure pumping solutions than any other. We provide well service and stimulation pumps, flow control products and replacement expendable parts from leading brands including SPM, Mesa and Novatech. Pressure Control includes trusted brands such as Seaboard, which provides wellheads, valves and frac trees, and Mathena, which delivers drilling mud-gas separation equipment including chokes, separators, and environmental containment equipment. Engineered mechanical and rotating equipment repairs and upgrades, oilfield and

Drilling equipment repair and certification, rapid prototyping of spares parts, including robust asset management and field engineering services, are delivered globally by NGLTech Oil & Gas Services [based in Bandung, West Java Indonesia].

Founded in 2016, The NGLTech is one of the National leading engineering businesses. NGLTech designs, manufactures and services innovative solutions for minerals, oil and gas, power and other process markets. The Group aims to be a partner of choice to our customers with a Indonesia network of around 150 manufacturing and service facilities.

Pump Repair Services

NGLTech improves the reliability and availability of pumps with a proven track record for upgrades and re-rates.

Capabilities

- Dynamics and structural analysis of equipment and parts
- Root cause analysis
- Experiences NGLTech range: Gabbioneta™, Begemann , Floway , Hazleton , NGLTech Specialty pumps Lewis , Roto-jet , Warman , GEHO , SPM and Wemco
- Hydraulic upgrade and re-rates to optimize pump performance and efficiency

Services

- Detailed inspections, non-destructive testing and precision dimensioning
- Condition monitoring and reliability services
- On-site complete refurbish and retrofit of pump stations
- Installation and commissioning
- Material upgrades to increase equipment reliability
- Balancing

Benefits

- Increase equipment performance and efficiency
- Mechanical seal repairs
- Reduction of mechanical related issues, increasing mean time between failure
- Capability to manufacture parts to reduce delivery time and mitigating impact on production loss
- Reliable alternative for OEM

Gas Turbine Repair Services

NGLTech provides a one-stop-solution for gas turbines and generators with a network of services for turbo-machinery overhaul and repair. Services also include supplying spares and repairing a range of Siemens TA and TB light industrial gas turbines, service exchange, installation and commissioning option.

Capabilities

- Inspection and overhaul
- Noise and vibration analysis
- Computational fluid dynamic and finite element analysis
- Material and coating development
- Root cause analysis
- Upgrades and re-rates
- Field service support

Benefits

- Ensure optimal performance and availability
- Improved coatings for extended life and abatable coating
- Fast turnaround during outage
- Full assessment of operational issues
- Re-engineering for obsolete and non OEM supported spare parts

Services

- Inspection and site overhaul/repairs
- Spare part management
- Machine Monitoring System (MMS)
- Third party inspection
- Detailed appraisal reports
- Site survey
- Balancing

Steam Turbine Services

NGLTech delivers high quality services for steam turbines and provides a one-stop-solution for manufacturing, overhaul, repairs, upgrades, re-rate and spare parts supply. All designs are engineered to minimize operational cost, extend product life and increase efficiency.

Capabilities

- Repair and service capability for steam turbines and supplementary products—gearboxes, power recovery turbines, blowers, fans, pumps and ancillary equipment
- Controlling systems upgrades/retrofits
- Dynamics and structural analysis of equipment and parts
- Field service support
- High customization upgrade and re/de-rates in response to changes in operating conditions

Services

- Precision spare part manufacturing
- Condition and residual life assessments
- Machine Monitoring System (MMS)
- Energy audits for ensuring optimal performance of assets
- Balancing

Benefits

- Increase equipment efficiency
- End-to-end assessment of operational issues
- Improve equipment reliability and availability
- Reengineering for obsolete and non OEM supported spare parts

Gas Compressor Services

NGLTech's expertise and OEM experience in aerodynamics, rotor-dynamics, mechanical design and materials technology are all designed to minimize operational cost, extend product life and increase efficiency.

Capabilities

- Aerodynamic and thermodynamic assessments
- Material development
- Complete upgrade and re-rate of existing compressor trains including drive equipment

Services

- Site overhauls including bundle changes and dry gas seal replacement
- Bundle and rotor workshop overhauls
- Replacement of wet gear couplings with modern flexible elemental alternatives
- On-site complete refurbish and retrofit of gas compressor stations

Benefits

- On-site troubleshooting: in-site balancing or identification of areas of concern
- Re-rate services: up-rate or de-rate
- Downtime reduction
- Quantification of manpower needs to reduce downtime

- Reliable alternative for OEM

Electric Motor Repair Services

NGLTech has the capability to test for LV, HV and submersible motors at customer sites for overhauls and repairs of electric motors and alternators. We have experience in repair and rewind capability for electric motors up to 12.8kV and 10 MW.

Benefits

- Reduced downtime
- Increase equipment life and efficiency
- Residual life expectancy analysis

Capabilities

- Fully equipped machine shops for reclamation and manufacturing of spare parts
- Full rewinding facilities from fractional H.P. to 10 MW
- Dynamic balancing for rotors up to 12 tons
- Every motor is test run at its rated voltage (up to 6600 volts) prior to dispatch
- Authorized repair facility for: NGLTech, Mather and Platt, Brooke Crompton, Alstom, ABB, Harland and AEMT–UK for explosion proof motors

Services

- High voltage, medium voltage and low voltage motor rewinding and overhaul
- D.C. motor repair
- Repair and overhaul of explosion proof motors by trained and certified personnel
- Vacuum Pressure Impregnation (VPI)
- Submersible motors repair

Asset Management

NGLTech extends and improves equipment life by managing assets from design phase through installation and maintenance including repair and upgrades.

Capabilities

- Expertise from a team of engineers and developed processes in the following areas:
- Planned Maintenance Routines (PMRs)
- Maintenance strategy
- Conditioning monitoring
- Vast experience as OEM and service provider of rotating equipment, valves and flow control
- Network of service centers around the world to support our customers
- Competency matrix model to cover your needs

Benefits

- Improve equipment efficiency, performance, availability and reliability
- Reduced deferment (production losses)
- Optimized utilization of resources and maintenance cost
- Increased HSE performance
- KPI driven contracts
- Workshop repair, overhaul and upgrade service
- Reduced inventor

Operations and Maintenance

NGLTech has developed a life-cycle management process for operation and maintenance with supporting OEM capabilities. The process is aimed to provide preventative maintenance to extend the life of equipment and Operation management to improve plant and workforce efficiencies. NGLTech's expertise can be applied to brownfield projects for oil and gas, power and Water industries.

Capabilities

- Overhaul and upgrade of rotating and flow control equipment and valves
- Mechanical, instrumentation and electrical modifications
- Project management
- Revamp and modernization of plants

Services

- Complete turnkey operation models
- Maximization of uptime and efficiency of oil and gas and power installations
- Maintenance planning and scheduling
- Execution of scheduled outages

Benefits

- One-Stop-Solution provider for NGLTech and non-NGLTech OEM products
- Mitigation of risk associated with mechanical failures
- Support preventative maintenance requirements
- Optimization lifecycle costs

Advanced Part Solutions

NGLTech advanced part solutions offer full manufacturing capability of high quality engineered parts, material upgrades and redesign of components that improve equipment reliability and availability.

Capabilities

- 6 axis coordinate measurement machines, including laser scanners
- Worldwide network of casting facilities
- Computer-aided design and manufacturing
- Application of super duplex steels (UNS S32760), HVOF spray, fusion bonded epoxy and erosion/corrosion resistance coatings

Services

- On-site scanning of sample parts, either from stores or equipment being repaired
- 3D models of components for manufacture, computational fluid dynamics and casting simulation
- Analysis of plant operating problems
- State-of-the-art laser scanning technology
- Unstage and stage

Benefits

- Enhance efficiency and improve performance (upgrade/re-rate)
- Life extension of critical rotating equipment
- Modify the hydraulic performance to new requirements
- Reduce operational expenditure and lead time
- Material upgrades to extend component life

Upgrade and Re-rate

As an OEM and service provider of critical equipment, NGLTech is able to support our customers with equipment upgrades and re-rates. Our technical capability increases operational efficiency and extends the life of products while reducing corrosion and erosion. NGLTech's capabilities provide cost reduction throughout the life of equipment.

Case Study 1: Split Casing Multi-stage Pump High Erosion

The Challenge

- Sand/erosion issues: pumping produced water 77°C with formation sand particles
- Service life typically 6-8 months
- Impellers—Zeron 100 heavy erosion

The Solution

- Material enhancement to prevent wear, corrosion and failure
- Shaft drive-polygon bore
- Impellers-solid stellite
- Casing wear ring carriers:
 - Adjacent carriers combined
 - Anti swirl vanes incorporated
 - Locations to casing reduced
 - Sealed to casing

The Result

- After 10 months operation wear was negligible
- No sudden failures have been registered

Case Study 2: Sea Water Lift High Flow Re-rate

The Challenge

- Improve existing reliability and performance by design
- Resizing of impeller diameters to satisfy target duty

The Solution

- Fundamental design verification of load ratings of components based on Finite Elements Analysis (FEA)

The Result

- Flow and head increase by 40% and 20% respectively
- Impeller dimension increase 35mm

Facility

To support all activities carried out in the workshop PT NGLTech , we complete all the needs in the production process such as machines, tools, reliable man power, precision measuring tools and others.

Benefits

- all work is done in our workshop
- precision measuring tools that will support accurate measurement
- a fairly complete and excellent machine to help make good and satisfying results.

KEMENTERIAN ENERGI DAN SUMBER DAYA MINERAL
DIREKTORAT JENDERAL MINYAK DAN GAS BUMI

SURAT KEMAMPUAN USAHA PENUNJANG MIGAS

No. 879/19.07/DKB/2020

Memperhatikan surat permohonan PT. NGLTech Services Indonesia No. 034/SP/NGL/IV/2020 tanggal 16 April 2020 dan berdasarkan:

1. Peraturan Menteri Energi dan Sumber Daya Mineral No.14 Tahun 2018 tentang Kegiatan Usaha Penunjang Minyak dan Gas Bumi.
2. Peraturan Menteri Energi dan Sumber Daya Mineral No. 15 Tahun 2013 tentang Penggunaan Produk Dalam Negeri pada Kegiatan Usaha Hulu Minyak dan Gas Bumi.
3. Hasil evaluasi kemampuan usaha penunjang Migas berdasarkan dokumen meliputi aspek legal (status usaha dan finansial), teknis (kemampuan/kepasitas jasa dan sistem manajemen), pengalaman, jaringan rantai suplai dan kualitas jasa.

DIREKTUR JENDERAL MINYAK DAN GAS BUMI

Dengan ini memberikan Surat Kemampuan Usaha Penunjang (SKUP) Migas kepada :

Nama Perusahaan : PT. NGLTECH SERVICES INDONESIA
Alamat : Kawasan Industri Deprimatera Blok C1A No 1
Jl Sapan No 162 B Bojongsong, Bandung, Jawa Barat
Penanggung Jawab : Rudyana Supriadi
sebagai perusahaan penunjang migas yang telah mampu memproduksi jasa dalam negeri :
Hasil Produksi Jasa : Jasa Konstruksi : Usaha Pekerjaan Konstruksi
(data resume dan spesifikasi terlampir)
Rating Perusahaan : ★
Keberpihakan Dalam Negeri : Tinggi (738)

Dengan ketentuan dan catatan sebagai berikut :

1. Perusahaan wajib mematuhi ketentuan peraturan dan perundang-undangan yang berlaku.
2. Perusahaan wajib meningkatkan kemampuan usaha jasa dengan mengutamakan komponen dalam negeri.
3. Perusahaan wajib menyampaikan laporan setiap 6 (enam) bulan sekali dan/atau apabila ada perubahan data dan informasi dalam SKUP Migas ini kepada Direktorat Pembinaan Program Migas.
4. Direktorat Jenderal Minyak dan Gas Bumi melakukan evaluasi melalui pemeriksaan lapangan secara berkala terhadap perusahaan/perorangan pemegang SKUP Migas.
5. Apabila dalam pelaksanaan usaha terbukti perusahaan tidak memiliki kemampuan sebagaimana tercantum dalam SKUP ini maka Direktorat Jenderal Minyak dan Gas Bumi akan memberikan sanksi sampai dengan pencabutan SKUP Migas ini.

ROTEC DISTRIBUTOR

Distributor Agreement №РТКК-5К-2020	Дистрибьюторское соглашение №РТКК-5К-2020
June 19, 2020	19 июня 2020 года
THIS DISTRIBUTOR AGREEMENT (this "Agreement") is made and effective as of 15 June 2020, by and between Joint Stock Company ROTEC, Russia, with an address located at Nikoloyamskaya str 15, Moscow 109240 ("Company"), and	НАСТОЯЩЕЕ ДИСТРИБЬЮТОРСКОЕ СОГЛАШЕНИЕ (настоящее «Соглашение») заключено и вступает в силу с 15 июня 2020г. между компанией АО РОТЕК, Россия, адрес: 109240, Москва, ул. Николаямская д. 15 («Компания»),
PT. NGLTech Services Indonesia, an Indonesian company, with an address located at Kawasan Industri Deprimaterra Blok C1A No.01, Bandung, Indonesia ("Distributor").	и компанией PT. NGLTech Services Indonesia, Индонезия, адрес: Kawasan Industri Deprimaterra Blok C1A No.01, Bandung, Indonesia («Дистрибьютор»).
Preamble	Прембула
Company manufactures and sells the products listed in Section 1.3 below (the "Products"). Distributor desires to purchase the Products from Company for resale in the territories or geographic areas as defined in Section 1.2 (the "Territory"). Company desires to appoint Distributor as its exclusive distributor of the Products in the Territory, and Distributor desires such appointment subject to the terms and conditions set forth in this Agreement, including any exhibits or schedules attached hereto.	Компания производит и продает продукцию, перечисленную ниже в разделе 1.3 («Продукция»). Дистрибьютор желает приобрести Продукцию у Компании для перепродажи на территориях или в географических зонах, как определено в разделе 1.1 («Территория»). Компания желает назначить Дистрибьютора своим эксклюзивным дистрибьютором Продукции на Территории, а Дистрибьютор желает получить такое назначение с учетом условий и положений, установленных в настоящем Соглашении, включая любые приложения или дополнения к нему.
Now, Therefore, in consideration of the foregoing, and of the mutual benefit contained herein, the Parties, intending to be legally bound, agree as follows:	С учетом выше изложенного и взаимных преимуществ, предусмотренных настоящим документом, Стороны, намеревающиеся быть юридически связанными, договариваются о следующем:
Agreement of the Parties	Соглашение сторон
I. Appointment, Acceptance & Scope	I. Назначение, принятие и предмет
1.1. Exclusive Appointment. Subject to the terms and conditions of this Distributor Agreement, Company hereby appoints and grants Distributor the exclusive right to sell and distribute the Products to customers located in the Territory (the "Customers") as set forth herein. Distributor shall limit its activities with respect to the Products to Customers located within the Territory and refrain from selling or otherwise transferring, directly or indirectly, the Products to any person outside the Territory, without the express written consent of Company. Company shall not sell or otherwise supply, directly or indirectly, the Products in the Territory except by sale through the Distributor, and Company shall not contact any of Distributor's Customers for any reason, without the prior written approval of Distributor. However, the Company cannot guarantee that products similar to the Products supplied to the Distributor under this Agreement will not be	1.1. Исключительное назначение. С учетом условий и положений настоящего Дистрибьюторского соглашения Компания настоящим поручает и предоставляет исключительное право Дистрибьютору продавать и распространять Продукцию клиентам, расположенным на Территории («Клиенты»), как указано в настоящем документе. Дистрибьютор должен ограничивать свою деятельность в отношении Продукции Клиентами, расположенными в пределах Территории, и воздерживаться от продажи или передачи иным образом, будь то напрямую или опосредованно, Продукции каким-либо лицам за пределами Территории без четкого письменного согласия Компании. Компания не должна продавать или иным образом поставлять, будь то напрямую или опосредованно, Продукцию на Территории, кроме как путем продажи через Дистрибьютора.
